1. I approved of Walter Pforzheimer participating in a meeting at the Department of State to consider certain legislation which would affect this Agency, and specifically authorized him to attempt to obtain an amendment to our own Act by adding the words "as amended" to Section 5.b. (This would authorize us to pay the allowances of the recent Foreign Services Act to  employees overseas.)

2. There was water damage to the Riverside Stadium last night. Mr.  Duty Officer in the Office of Logistics, reported to me that the roof was sagging and resting on file cabinets. There seems to be no danger until Monday, unless there should be more rain. I told Mr.  to get hold of Joe Kress and to make sure that the Public Buildings Service did what was necessary over the weekend.
